

# Dubai Mall

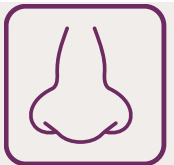

## Sensory Rating Sheet™

The family attractions and main part of the mall have some flashing and bright lights.

The Main part of the mall and family attractions can get quite loud, but the stores themselves and the Fashion Mall area are quieter.

There is a lot of scent in the main part fo the mall, with many perfume counters and kiosks.

Not tactile concerns.

It can get very crowded on holidays.

There is a significant difference between the cool interior of the air conditioned mall and the outside temperature

Decibel Level:  
moderate, up tp 95 dB
